A MESSAGE TO OUR MEMBERS:

Spring has arrived and this is a good time to review your finances as you've probably done your taxes and look forward to a busy spring and summer. We're here to help you meet your goals, should you need financing or saving for that big vacation, newer car or renovating your home. One product we have is a home equity line of credit. These products are usually for your big ticket items such as home improvements or a family reunion, tuition expenses or that special vacation. It's a line of credit which is available when you need it for whatever purpose you want. We are currently offering, while supplies last, a free, high quality reversible umbrella for those opening a home equity line of credit or a home equity loan. *Continued on the back.*
