RECORD

**SUMMER
2018**

A MESSAGE TO OUR MEMBERS:

Summer has arrived and we have a great vacation loan sale going on now and until August 17th. Market rates will start to rise, so these rates of 1.99% will probably not be seen in the foreseeable future. This is the time to take advantage of this low rate environment for all your borrowing needs.

As this will be my last message to the general membership, I want to thank everyone who has made my time here one of the happiest and rewarding experiences in my over 40 years in the financial world. I enjoyed helping those who serve us by providing services and products that makes their financial life better. Your credit union is in the best shape possible following the recession and I'm pleased that it continues to grow and prosper. We continue to improve on our profitability and capital growth which allows us the ability to offer new and innovative products and services. We have a very experienced staff that provides confidence that they can help you whenever the need arises. We have a Board that is dedicated to make the credit union continue to prosper while helping those in need. I see great things will happen going forward with the management of your credit union in very good hands.

2018 will be a year of change for your credit union with a new CEO, a change in the Board leadership and new members on the Supervisory Committee. You can rest assured that you as a member will enjoy a credit union that values your relationship and will do what's right to make your life better financially.

My wife Natalie and I will retire in Massachusetts closer to our grandchildren and will always be a member of this credit union. I appreciate the warm and upbeat attitude of the membership and will miss the wonderful relationships I've made over the 10 years I've served here. Again, thank you for making my life better by just meeting you.

Sincerely,

Michael A. Williamson

Let your dream vacation be a reality with our help!

**1.99%*
APR**

Credit score of 600 or above

**4.99%*
APR**

Credit score under 600

Borrow up to \$5,000 with
a 12 month term

to August 17, 2018

* 1.99% loan rate for members with a 600 or better credit score for a 12 month term per \$1,000 equals \$84.24 per month. 4.99% loan rate are for members with credit scores under 600 for a 12 month term per \$1000 equals \$85.61 per month. New money only.

Taking Fido on a Road Trip

Pets are family members, and most people prefer not to leave their best friend at home. Here's some great advice to follow when planning a road trip with your pet:

- Be sure your pet is up to the trip. Don't make the first trip with your pet a 10-day adventure if the only place it has traveled is to the vet and back. Go on some shorter trips to see how it does.
- If your pet is microchipped, make sure the chip is working and the tags on its collar is up-to-date.
- Confirm your vehicle is pet worthy. Ensure your vehicle is comfortable and safe for your pet. Provide them with enough room.
- Use restraints. Having loose animals in the car is not a good idea. Unrestrained, they can become missiles, injuring you and your passengers as well as themselves.
- Pack their medications, food and water.
- Plan for plenty of breaks; this is good for the driver too!
- Plan for dog-friendly lodging. Several websites can help you find places to stay in the U.S., including: PetsWelcome.com, BringFido.com and GoPetFriendly.com.
- Don't ever leave your pet alone in a parked car. Many vehicles now come with rear seat reminder systems to avoid fatal forgetfulness.
